NUMBER 236

STRIKE HAS PRACTICALLY LOST ITS EFFECTIVENESS IS CLAIM OF UNION HEADS AND RAILROAD CHIEFS

THIRD WEEK OF SWITCHMEN'S STRIKE OPENS WITH RAILROADS CLAIMING SIT- UATION 60 PER CENT. NORMAL

SIX STRIKE LEADERS REARRESTED

CHICAGO, April 19.—The third week of the strike opened today with the strikers gradually losing control and with the railroads claiming 60 per cent. normal situation. Union officials and railroad executives declared the "strike had practically lost its effectiveness." A substantial increase in inbound and outbound freight was noticed yesterday, the roads reported. Six strike leaders were rearrested yesterday and required to give bond before the United States Commissioner for their appearance April 24. The new warrants charge conspiracy to interfere with the transportation of food.

NEW YORK, April 19.—The strike of railroad workers in the New York district was practically at an end today. The majority of the outlaw strikers were back on the job according to J. J. Mondell, chairman of the Railroaders' Executive Association who said that service on all of the lines was rapidly approaching normal. Officials of several lines said that so far as their roads were concerned the strike was over. The embargo on freight, however, has not been lifted, the railroads putting every effort into cleaning up the congestion resulting from the tie-up.

SCRANTON, April 19.—Freight and all other trains were moving with their customary regularity on the Lackawanna railroad today. With the return of the local men, employees on the other railroads also returned to work.

PITTSBURGH, April 19.—Hun-

dreds of railroad workers were expected to desert the ranks of the strikers and join the steady flow of the men returning to work. Freight movement on the Pennsylvania lines was expected to pass the 35 per cent. mark estimated yesterday. The Baltimore & Ohio was confident of greatly improved freight conditions while the Pittsburgh & Lake Erie has made no effort to resume freight transportation. Passenger service on all of the roads entering the city was reported near the normal mark. The Baltimore & Ohio trainmen on the Conneville division voted to return today. The President announced a total of 514 men returned within the last 25 hours.

CLEVELAND, Ohio, April 19.—Freight movement in the Cleveland district was reported at 70 per cent. normal today. The strike was reported at an end in the New York Central and Erie yards.

WASHINGTON, April 19.—Jersey City "outlaw" railroad strikers today were denied a hearing before the labor board. This was under rule adopted by the board which required workers with a grievance to try to settle it first in a conference with their employers.

A special meeting of all candidates of the D. of I. will be held in the St. Francis school hall Wednesday evening at 8 o'clock.

By order of the Chairlady
A19-2tp

AUSTIN HANEY DIES AT WEST SIDE HOME

Ex-County Commissioner Austin Haney died at his home on Turnpike avenue at 11:35 o'clock Sunday morning after an illness of several weeks duration, aged 76 years.

Austin Haney was the son of the late Jacob and Margery Muckelheny Haney and was born in Boggs township, Clearfield county, May 14, 1844. He followed farming and lumbering all his life and was rated as a highly successful woodsman and lumberman. Honest and upright at all times he enjoyed the respect and esteem of all with whom he had dealings, who respected him for his untiring energy and sterling manhood. His word was his bond at all times and many staunch friends will mourn the death of this good citizen and loyal friend.

He was married to Margaret Rowles of Lawrence township and celebrated his 50th wedding anniversary some two or three years ago. The anniversary celebration was held in the dining room in the basement of the West Side Methodist church, that commodious room being necessary to accommodate the large number of relatives and friends who desired to pay tribute and extend congratulations to the respected couple.

Mr. Haney was a loyal American citizen at all times and took a keen interest in public men and events. He was a sterling and uncompromising Democrat and was many times called to fill positions of responsibility and trust in his township. He was elected as the Democratic member of the Board of County Commissioners in November of 1915, and retired from that position January 1, 1920. His every official act was governed by the same sterling honesty which marked his private business transactions and he left the office clean-handed, honored and respected by all for his faithful service.

He lived for many years in Lawrence township but for the past fifteen years or more had resided in the Third ward of Clearfield. He is survived by his widow and the following children:

J. Leonard, Harry R., George, Muck and Russell E. Haney, all of Clearfield; Mrs. Dwight Shirey, Gary, Ind.; Mrs. Raymond Ogden, Lawrence township; Mrs. William Bumgardner and Mrs. Patrick Turner, of Clearfield.

ADULT BIBLE CLASS CONVENTION

The Adult Bible Class or County Sunday School Convention will be held in Trinity Methodist church tomorrow, and a large number of delegates and other interested will be in attendance.

W. G. Landes, of Philadelphia, will be the speaker at the evening session and everybody is invited to attend and hear him.

The music will be furnished by the orchestras of the different Sunday Schools of the town, under the direction of Prof. Schaeffer, of the Susquehanna College of Music.

The High School Glee Club, led by Mrs. E. C. Reeve, will furnish the vocal music during the different sessions.

The convention will open at 10:30 a. m. and will continue all day and evening. Everybody is invited to attend.

WILL ORGANIZE BOY SCOUT TROOP

The Presbyterian church of Clearfield is arranging to organize a troop of Boy Scouts, and expect to have the new organization working in a short time. This movement will prove to be an excellent thing for our young men.

All boys over 13 years of age are eligible to membership.

Philip B. Reed, A. Bowman Weaver Jr., and L. Huston Hattwick, three exceptionally capable young men will be in charge as Scout Master and Assistants.

Charles Pierce, of Philipburg, spent the week end here with friends.

FRIENDS THOUGH NOT MEMBERS OF CHURCH ARE ASKED TO HELP

PITTSBURGH, Pa., April 19.—Six million, three hundred and seventy-five thousand dollars is the quota citizens of Pennsylvania, friendly to the church, but not affiliated with any of the 30 denominations participating in the Interchurch World Movement, are asked to contribute to the united financial campaign of the denominations which will be conducted from April 25 to May 2. Apportionment of the quotas by counties has just been announced by Hermon Eldredge, Interchurch state campaign director, who has established headquarters in Pittsburgh.

In the Pittsburgh district, which includes all of Allegheny county, the Interchurch campaign under the leadership of Director Harry G. Hoak, are expected to raise \$1,550,000.

The \$6,375,000 quota is in addition to the quotas of the denominations co-operating, which will canvass their own memberships in the state for sums ranging from a few thousand dollars for the very smallest, to millions for the larger denominations.

The total quota for the state for church membership and friendly citizens will approximate \$40,000,000. Denominational quotas are now being apportioned to each congregation in the state and denominational leaders in the various counties are compiling data on their county and community quotas which will be announced soon.

At meetings in Pittsburgh and Harrisburg, held last week, Director Eldredge was assured the co-operation of denominational leaders in the task of co-ordinating the efforts of all bodies taking part in the Interchurch campaign.

The county quotas for the friendly citizens' canvass are as follows: Adams county, \$9,000; Allegheny county, \$1,550,000; Armstrong, \$44,700; Beaver, \$78,500; Bedford, \$16,500; Berks, \$88,000; Blair, \$47,000; Bradford, \$19,000; Bucks, \$68,000; Butler, \$64,000; Cambria, \$78,000; Cameron, \$8,500; Carbon, \$18,000; Centre, \$14,500; Chester, \$115,000; Clarion, \$19,000; Clearfield, \$34,500; Clinton, \$11,500; Columbia, \$9,500; Crawford, \$34,500; Cumberland, \$15,800; Dauphin, \$48,000; Delaware, \$138,000; Elk, \$17,500; Erie, \$105,000; Fayette, \$48,500; Forest, \$8,500; Franklin, \$18,000; Fulton, \$4,000; Greene, \$29,000; Huntingdon, \$14,000; Indiana, \$18,500; Jefferson, \$29,000; Juniata, \$4,800; Lackawanna, \$190,000; Lancaster, \$49,000; Lawrence, \$67,500; Lebanon, \$49,000; Lehigh, \$78,000; Luzerne, \$178,000; Lycoming, \$25,500; McKean, \$28,500; Mercer, \$56,000; Mifflin, \$6,800; Monroe, \$11,000; Montgomery, \$178,000; Montour, \$3,600; Northampton, \$69,000; Northumberland, \$43,000; Perry, \$6,000; Philadelphia, \$1,850,000; Pike, \$3,000; Potter, \$7,800; Schuylkill, \$94,500; Snyder, \$1,000; Somerset, \$24,000; Sullivan, \$3,800; Susquehanna, \$20,500; Tioga, \$13,700; Union, \$3,800; Venango, \$36,500; Warren, \$36,000; Washington, \$168,000; Wayne, \$14,000; Westmoreland, \$187,000; Wyoming, \$4,800; York, \$40,000.

CHINESE STUDENTS PROTEST ON SHANTUNG

SHANGHAI, China, April 18. Delayed.—Three million students throughout fourteen northern provinces went on strike today in protest against the teachers who advocate China's acquiescence in Japan's policy toward Shantung according to a report received here. The students who are parading the streets of the principal cities are seeking to enlist the support of the trade unions. The students want abolition of all secret treaties and have promised not to molest foreigners.

DEATH DEALING CYCLONE IN SOUTHWEST

LITTLE ROCK, Ark., April 19.—The death list in the high wind storm which blew over Parkey Valley and Hickoxton, Ark., last night, was estimated today at between 5 and 20 persons, according to advice reaching here. Thousands of dollars worth of property damage was done.

ELECTRICITY WAS TOO TOO MUCH FOR MULE

A mule belonging to the Penelec Coal company was electrocuted at the company's mine at the upper end of Ogden avenue Friday last. The mule was a little more than ordinarily mulish and to this fact or disposition does he owe his departure for mule heaven. This mule had kicked everything about the mine almost to pieces and had been in the habit of having his own way generally.

Friday afternoon he was going into the mine in charge of a green driver and when he encountered a mine car on the track instead of taking the "gee" or mule side in passing, he slouched over to the "haw" side, which is used by the miners. An electric power wire is suspended from the roof on this side and the mule's wet ears came in contact with same and down went the mule. He no doubt thought his driver had slapped him over the head with a brake stick and the blow made Mr. Mule very mad. He jumped to his feet and lashed out with both heels again and again, and in twisting about to find his supposed adversary, ran his ears into the wire and down he went again. The driver couldn't get near him and started on the run for the switch at the mouth of the drift to shut off the current. He had quite a distance to travel, the sounds of the unequal combat between the mule and the juice ringing in his ears as he ran.

The switch was reached and snapped off and the driver returned to the rescue. He was too late, however, as when he arrived at the scene he found that the mule had "done kicked his last kick," the ear and the side of the mine demonstrating that the mule had put up a good fight.

MIKE CHERILLO HAS AGREED TO LEAVE

Mike Cherillo, the Morrisdale alien, arrested by Game Protector W. C. Kelly, of DuBois, at the time of the assault upon Deputy Game Protector W. J. Davis, of Clearfield, some ten days ago, was before Judge Bell in criminal court this morning. The charge against him was resisting an officer and Cherillo entered a plea of guilty to the charge. He was directed to pay the costs in the case, and in view of the fact that he had also paid a fine of \$25 and costs under the law which forbids an alien having fire arms in his possession, and from the further fact that he agreed to move away from Morrisdale, further sentence was suspended at this time.

A commission in lunacy will be appointed on Tony Cherillo.

W. J. Davis, the injured game protector, remains a patient in the Clearfield Hospital, the knife-wound in his back causing him considerable pain and trouble.

NO DECISION TODAY ON VOLSTEAD ACT

WASHINGTON, April 19.—The Supreme Court recessed until 2:30 p. m. without handing down a prohibition decision.

No decision was handed down by the Supreme Court on the Constitutional Amendment or Volstead Act today.

Next Monday will be the earliest date on which a decision could be made now.

STOCK MARKET OPENED HIGH

NEW YORK, April 19.—The stock market opened high today. United States Steel opened at 105 1/4, Studebaker at 120, unchanged, United States Rubber at 110 1/4 up 1/4, Bethlehem B. at 97 off 1/4, Crucible at 263 up 1/4, General Motors at 318 off 2, Midvale at 36 off 1/4.

OUEL MURDER TRIAL OPENS

ROCHESTER, N. Y., April 19.—James L. Odell and his wife, Pearl Beaver Odell, charged with the murder of Edward J. Knuff, went on trial today. Knuff's mutilated body was found near a culvert on the night of January 5. He had been beaten to death. According to the police the Odell confessed to the murder. Knuff was alleged, was intimate with Mrs. Odell several years ago—some time before she was married to Odell.

THE STORY OF A LOAD OF POTATOES

On Thursday last a Bradford township farmer having contracted with a local grocer to sell him a load of potatoes went to his potato cellar and bagged up forty bushels of fine spuds, loaded them on his wagon and started for town. Out along the state road near Barrett station a couple of speculative Clearfield gentlemen stopped the farmer and asked him what he wanted for his potatoes. The farmer replied that he had them sold to the Clearfield merchant for \$2.25 per bushel.

The speculators motored into town ahead of the team and calling another grocer dealt with him for the farmer's potatoes at \$3.00 per bushel. They then jumped into their car, ran out and met the farmer at the lower end of Daisy street and succeeded in buying the potatoes for \$2.50 per bushel. They then had the farmer deliver the potatoes to the store and they were retailed to Clearfield consumers at the price of \$3.60 per bushel.

We give the facts of this single transaction for the purpose of showing just what is causing the price of living to soar. Each of these separate transactions were legitimate and airtight under the law and existing conditions and are only what is happening today in every line and trade. Where will it all end and what will that end be? We wonder.

WHAT WILL BE POSITION OF AMERICA AT IMPORTANT ALLIED CONFERENCE

SAN REMO, Italy, April 17.—Whether the United States would be represented at the conference of the Allied nations called to meet in San Remo was a question which had not been answered here as the chief representatives of the Powers gathered today for the sessions which are to begin Monday. Premier Nitti, of Italy, who reached San Remo a day ahead of time to receive the delegations of the Allied nations as they arrived, expressed ignorance as to whether or not an American delegate or observer would attend.

(A dispatch from Paris indicates the United States will have an observer present.)

The conference will have as its program an endeavor to settle three or four of the great problems now disturbing Europe. One of these is what action shall be taken respecting the carrying out of the treaty of Versailles so that it may be made plain to Germany that the Allies regard it as a binding instrument. Others are the determination of the future of the Turkish Empire and the final framing of the Hungarian peace treaty. The Adriatic settlement and the international exchange problem are also likely to be considered.

Premier Nitti was at the railway station early today to receive Camille Barere, the French ambassador to Italy. Premier Lloyd George, of Great Britain and Field Marshal Sir Henry Hughes Wilson, chief of the British Imperial Army Staff, arrived by automobile from Marseilles, with their staffs in time for luncheon. Later in the day Premier Millerand, of France; Marshal Foch and other

of the French representatives and Baron Matsui, the Japanese Ambassador at Paris, reached San Remo on a special train.

U. S. Navy Arrives
Earl Curzon, British secretary for foreign affairs; Admiral Beatty and Robert Underwood Johnson, American Ambassador to Italy, and the Belgian Mission arrived here early this evening.

Premier Nitti had a long interview with Premier Lloyd George this evening. The Italian Premier also had a lengthy discussion with Premier Millerand. The three Prime Ministers will have their first interchange of views on the work of the conference Sunday.

Ambassador Johnson said he was in San Remo for only a short time, his visit being merely preparatory to his journey to Rome. He said his mission to make a call of courtesy on Premier Nitti and Vittorio Emanuele, the Italian Foreign Minister and then proceed to Rome.

800,000 Allied Army for Turkey
Allied nations would be called upon to maintain a force of 800,000 men in Turkey to insure execution of the terms of the treaty with that country which was framed at London recently. It is understood. This treaty will be considered by the Supreme Allied Council, when it opens its sessions here next Monday.

Announcements that Marshal Foch and Marshal Wilson would be present were regarded as indicating military experts will be called upon by the council before it decides finally on the terms to be submitted to the Sultan.

TWO YOUNG MEN DIE BY OWN HANDS

New Liberty, in Decatur township, was shocked early Saturday last, over the finding of Andrew Hardy, Jr., near the tipple of the Butterworth mine, unconscious from a bullet hole in his head.

The dying man was brought to the Cottage State Hospital, where death resulted shortly after he was admitted.

The indications are the wound was self-inflicted, though no direct cause for the rash act has been discovered. He was one of the young soldiers who served valiantly in the great world war, and participated in much of the heavy fighting in France and it is thought he may have become mentally deranged from nerve strain.

The deceased, who was aged 23 years, lived at home with his parents, Mr. and Mrs. Andrew Hardy, Sr. Besides the parents he is survived by three brothers and four sisters. The family members are of course in the keenest grief over the sad affair.

Nick Unaski, a young man located at the Adrian Furnace, was found dead in the woods out from Falls Creek yesterday, his remains being discovered after diligent search had been made for him. It is believed that he committed suicide early on Saturday morning, as he had left the hotel about that time. The remains were not discovered until yesterday.

Unaski had committed suicide by cutting his throat with a razor, that instrument still being clutched in his hands. It is not believed that he lived long after committing the deed. The cause for the suicide is not

WILSON TO STAGE POLITICAL COMEBACK

WASHINGTON, April 18.—A dramatic eleventh hour reappearance by President Wilson in the political arena is being planned, according to persistent reports here today. The plan is said to have the President plunge into the campaign early next month.

OVERALL BRIGADE ENLARGING

NEW YORK, April 19.—Street vendors today appeared on the downtown market street corners with overalls for sale. The prices were reported as "good." A campaign in protest against the high clothing costs has been started here.

SHOULD HAVE STAYED IN BALTIMORE

NEW YORK, April 18.—Biting Mr. and Mrs. April Bokun to their bed posts today robbers ransacked their apartments and escaped with jewelry valued at \$10,000. The Bokuns had just returned from Baltimore.

Andrew Harwick spent Sunday with his wife in Huntington.

Mrs. E. M. Fullington has returned from visiting her daughters in Indiana.

Mrs. Emma Bloom spent Sunday with her mother in DuBois.

known and few details were developed at the investigation conducted by Coroner J. I. Pollum. The remains were discovered close to the Jefferson county line.

DEMOCRATS NEVER COULD AGREE

Despite the fact that A. Mitchell Palmer is the only Democratic candidate for President on the Primary ticket the Democratic Philadelphia Record on Sunday carried the following editorial:

"Many Pennsylvania Democrats have written 'The Record' asking how it will be possible for them to indicate their preference for William G. McAdoo as a Democratic candidate for President.

Mr. McAdoo has stated that he is not seeking the nomination for President but that he will accept it if the Democrats of the country draft him. His name will not appear on the primary ballot next month, but any Democrat who wants to indicate that he would like to see McAdoo as the candidate of his party can write his name in on the space provided for that purpose.

It is true that an effort is to be made to use the Pennsylvania delegates to the Democratic National Convention for trading purposes by Attorney General Palmer and those who share with him control of Federal patronage by pretending that Mr. Palmer is seriously considered as a Democratic candidate for President. Steps have been taken to have Mr. Palmer's name printed on the primary ballot, but the fact that no other name will appear in that connection does not make it impossible for Pennsylvania Democrats to indicate their choice for President to succeed President Wilson.

Democrats who favor the nomination of Mr. McAdoo or any other man can use stickers containing the name of their choice, or they can write the name on the ballot and their preference will be recorded except where the election officers may be ballot-box crooks.—Philadelphia Record.

Political Announcements

FOR GENERAL ASSEMBLY
We are authorized to announce the name of J. C. Buchanan of DuBois, Pa., as a candidate for the office of Assemblyman, subject to the rules of the Republican party, at the primaries, May 18, 1920. J. C. BUCHANAN, P. O. address, DuBois, Pa. A14-edp

ity a Progress Want Ad.

The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vick's VapoRub may help nature to complete the process of repair. (Because Vick's acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.

Figure Closely

The problem today is to keep outgo well within the bounds of income.

Close figuring may reveal more ways to create a surplus each month. A good plan is to first set aside a certain sum each week or month to deposit in a Savings Account—no matter if the amount is only a dollar or two. You will be ahead that much. Soon you will have interest coming in regularly.

Try some close figuring. You'll find a lot of satisfaction in distributing your income in a systematic way—and the profit from your efforts is all yours.

A WORLD REBUILT

By the Golden Rule
not by the rule of Gold

THIRTY denominations of the Church are uniting in a simultaneous campaign in the week of April 25th-May 2nd.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

These churches know that the world needs many things; but it needs Faith most of all.

They know that there can be no final solution of our economic problems that is not a spiritual solution, based on the teachings of Jesus Christ and His Golden Rule.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including the church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The budget is large in the aggregate; yet if each person who loves America would increase his contribution by only a few dollars the whole amount would be easily subscribed.

We face the task of rebuilding the world. Let the cornerstone be a strong and vital church in every American community; and the measuring rod by which the builders build must be the Golden Rule.

New Equipment to Relieve Our Car Shortage

A RAILROAD is worth to you what it can give you in transportation service. Our system, like all the railroads of the country, is short of rolling stock, and this problem is yours as well as ours. The cost of railroad inability to handle traffic falls directly on business men, and indirectly on the public at large. A considerable element in the maintenance of the present high prices is the lack of cars for prompt and adequate movement of foodstuffs, raw materials, builders' supplies and manufactured articles.

We have arranged to acquire new equipment which will cost \$48,318,300. This will include:

196 locomotives	105 all-steel passenger coaches
4000 all-steel box cars	80 all-steel baggage cars
4000 coal cars	30 milk cars
994 stock cars	12 all-steel combination cars
250 refrigerator cars	15 multiple unit electric passenger cars
11 mail cars	12 all-steel dining cars

We are rebuilding 1000 coal cars now out of service, at a cost of approximately \$2,000,000, adding that number of 55-ton all-steel coal cars to our equipment. It is hoped to have a large part of this new rolling stock in service next fall.

WE would like to buy more equipment. We need it and your business next fall will require it, if handled according to the standard of our service before the war. But with the money market as it is at present, and with expenditures of \$50,000,000 more contemplated for improvements and extension of facilities which also will have to be financed by borrowing, we are not in position now to order more than the equipment we have contracted for.

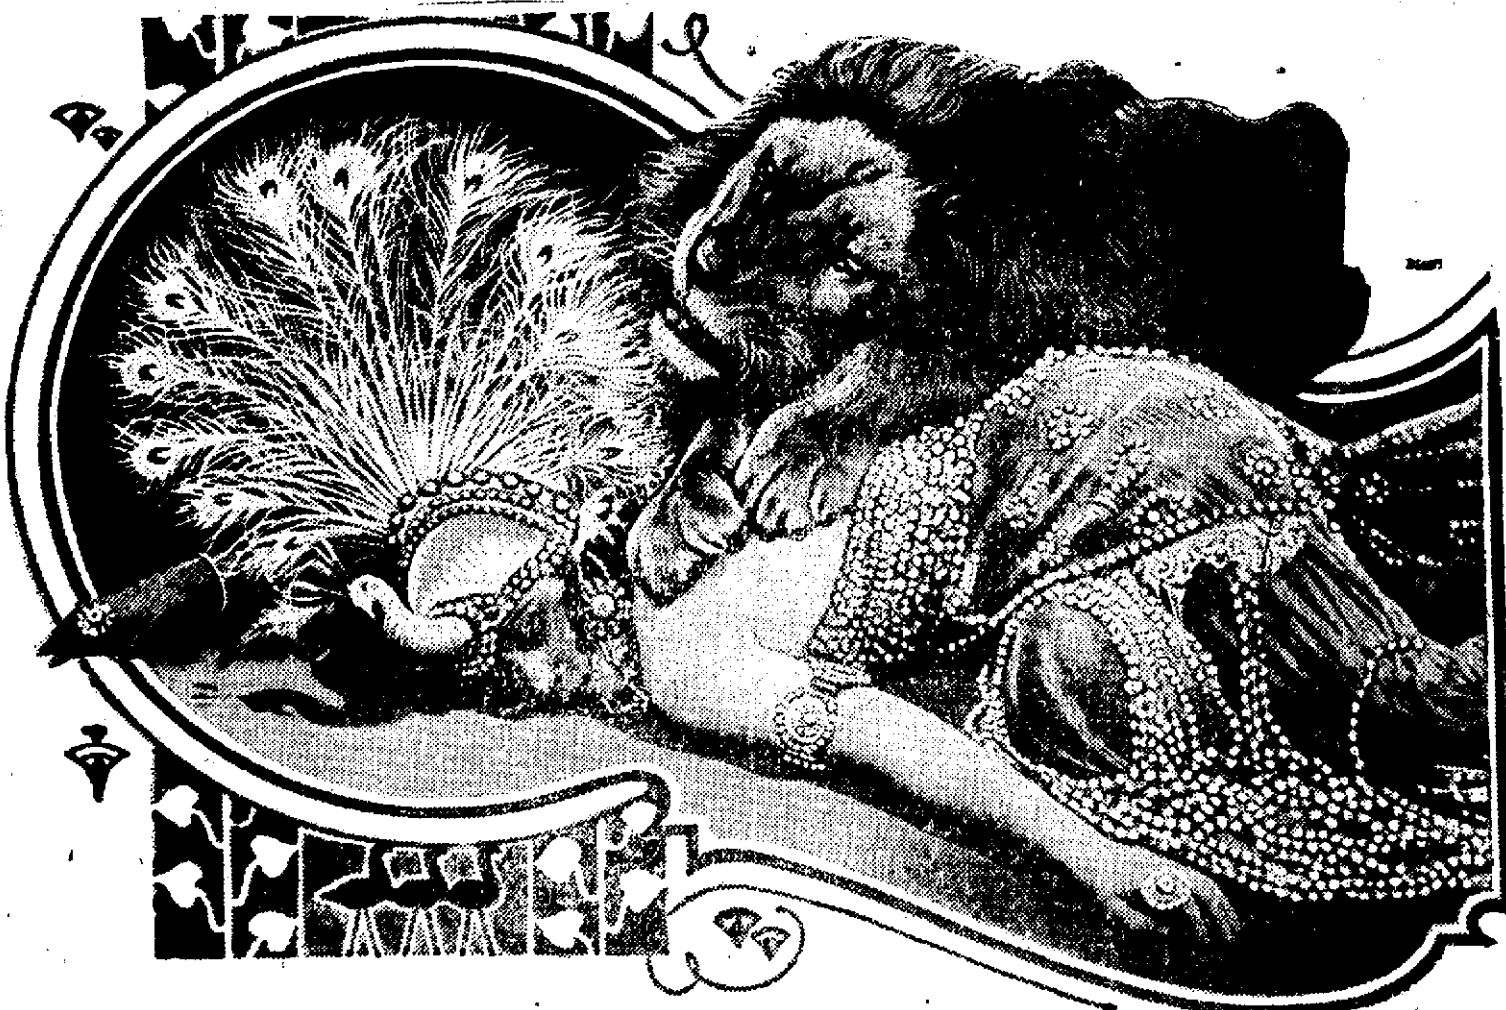

RAILROADS today are the bottle-neck of the industrial world. Once they were developed beyond the demands on them. Now industry is being retarded because they cannot meet the demands. The bottle-neck must be widened or the pressure on it reduced.

It is unthinkable that industrial expansion should be checked at a time when intensive production is so urgently needed. Therefore railroad facilities must be improved and increased to be adequate to industry's ever-growing demands. This is your phase of the problem.

We submit for the serious thought of those most directly concerned, the business men of the nation, the subject of aid to railroad development by investment in railroad securities. Our lines are doing, and will do, their best to serve you. But we, as all the railroads, need the co-operation of the public.

GLORIA SWANSON In a scene from
CECIL B. DeMILLE'S 'MALE and FEMALE'
A Paramount Picture

GLORIA SWANSON'S GREATEST
THRILL CAME TO HER IN
'MALE AND FEMALE'

(By Edward Weitzel)

It didn't require much penetration to sense a good story about the Lady and the Lion, and we plunged right into the subject the moment Gloria Swanson and I were seated. Every one who has seen Cecil B. DeMille's Paramount-Artcraft picture, "Male and Female," will recall the Babylonian episode and the Christian slave's terrible death. A desire to know one's sensations when lying helpless on the floor of a lion pit and held down by the paws of a full-grown king of beasts prompted my request for an interview, and I found that Miss Swanson's recollection of all the details of this adventurous page in her moving picture experience was nothing short of acute.

"How did you feel when you were told you were to be given an opportunity to endanger both your life and your insurance policy at one fell swoop?" was my first question.

The Lady smiled cheerfully—but not at my attempt to be facetious.

"I was the happiest girl around the studio!" was her unexpected reply. "You see," she explained, "there was something very curious in such an incident falling to me. As a child I always had been fascinated by the picture 'The Lion's Bride.' It made a lasting impression on my imagination from the first, and that I was to act the part of the Christian slave seemed like a decree of fate. Any thought of the danger I might run never troubled me in the least.

Sense of Duty Overcomes Fear.

"It has always been like that with me in my picture work. I had never been able to conquer my fear of the

water when trying to learn to swim. I would put on a becoming bath-suit and sit on the edge of the pool, but when the swimming teacher tried to get me in the water I just wouldn't go. So, of course I never learned. But when I was given my first serious part in a picture and was told I must 'jump off a dock' after nightfall and strike out, I didn't stop to tell the director I couldn't swim, but hepped in."

"I remember that picture. You swam all right."

"I knew I had to or give up the part; so I managed to keep myself afloat and save my contract."

RUBBER STAMPS

KEMP'S BALSAM
will stop the tickle that makes you cough.
GUARANTEED.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

To see the healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside bathing every morning for a week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys, and bowels the previous day's indigestible waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives you a fine appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to demonstrate that those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges or whose skin is sallow or pallid, that one week of inside bathing will have them looking and feeling better every way.

HAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually, 10c and 25c.

FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the relief it gives. Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on.

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

CUT THIS OUT—IT IS WORTH MONEY

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar, or coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.

—when washed with a

Thor Electric Washing Machine
With its All-Metal Swinging Wringer

Do you remember the times when you have washed a blanket in the old-fashioned way by hand? Not a very pleasant recollection, is it?

How you wrestled with that wet, soggy mass that seemed to weigh a ton? How you rubbed it a part of the time and swished it about and tried to get it clean when you knew you were not half succeeding.

And when the grilling task was over and you took it off the line—it didn't have the pretty, soft, woolly surface you wanted to see. There was something about it that didn't look quite right—and you wondered if you had actually driven all of the dirt out of it.

What a difference when you use the THOR! No struggle with that exhausting weight—none of that tiring rubbing on the washboard. You just put the blanket into the cylinder, press the button and let the machine do the work. In a little while it is washed perfectly clean.

JUST THINK, YOU CAN BUY THE THOR FOR
\$10 DOWN

and the balance in small monthly payments

Salts Fine For Aching Kidneys

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drunk which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Dr. Robert Meixell died at the home of his nephews on South Filbert street on Friday morning at 8 o'clock. He had been in poor health for a number of years. He came to Curwensville about one year and a half ago, but the change from his old home did not seem to help him onward to health, and he gradually declined until the end. He was aged 65 years, 11 months and 11 days. He is survived by a widow and a number of relatives. During his residence in this community, the doctor, although of a retiring disposition, made a good many friends, who are mingling their sorrow with that of the bereaved family over their loss. On Saturday his body was shipped to Dallas, Pa., for interment.

Horace Brennett and bride returned to Curwensville on Saturday after enjoying a week's honeymoon. They were married one day last week. The groom is left boss at the Summit sole leather tannery and has many warm friends among the workmen at that plant who will gladly extend the congratulatory hand to him when he returns to work. A bountiful wedding dinner was tendered the young married couple at the home of the groom on Sunday. May prosperity attend them as they journey hand in hand through life.

A committee of the Rescue Hose and Ladder company issued to the members of that organization an invitation to join in a social smoker to be held in their rooms in the public building this evening. The principal

object as we gather it, is to get together and become better acquainted with one another and the work which encompasses a fireman when duty calls.

Robert Hickok, employed as a miner at Bloomington mine No. 19, met with a distressing accident Saturday afternoon about ten o'clock, while engaged at his occupation. He was mining after the machine after a cut had been made, and in attempting to remove the globe of coal which was clinging to the roof, the weight gave way suddenly and in falling caught him on the head and shoulders. Fellow workmen extricated him from the coal heap as quickly as possible. He was severely bruised about the shoulders, a long, deep gash cut in the head and his face badly lacerated, his nose being almost slit in twain. First aid was rendered immediately, after which the wounded man was conveyed to his home near Bloomington.

Charles Smith, a resident of the South Side, and a foreman at the P. H. & L. finishing tannery, who went to the Clearfield hospital the latter part of last week, was operated on Saturday for the removal of a double rupture. The operation was a successful one in every particular, and the patient is getting along finely and will soon be able to return to his home.

Miss Sarah Sweeney, a daughter of Mr. and Mrs. Charles Sweeney, who has been confined to her home by illness for the past four or five weeks with rheumatism and some other minor complaints is reported very much improved, and barring a relapse, will soon be able to be up and about again, much to the relief of her many friends.

Insurance Agent Borabough was "under the weather" all of last week being for several days unable to attend to business connected with his patrons and office.

Now that the main streets have been thoroughly cleansed and washed from dirt and filth, it behooves every citizen in this town to see that a general clean-up is made around his property, and thereby assisting in putting the town, generally speaking, in a first class healthy condition. A clean-up does not amount to a great deal where only a few or a part of the population observe the common rule of cleanliness. To have any effect it must be a concentrated movement of all the people, be they the

The Spring Rains Bring Grippe

This sort of weather brings colds and grippe. If it's just a common cold people say, "there's no danger in that!" But many a fatal sickness begins with a cold—with vitality weakened—the system is ready for the influenza germs. Begin early to ward off the attack. Purge the system of the toxins (poisons) by taking castor oil, or a vegetable laxative made of Mayapple, leaves of aloes, and jalap, rolled into sugar-coated pills and to be had at all drug stores as Dr. Pierce's Pleasant Pellets.

If the cold starts with a cough, and it persists, then some local treatment for this condition should be taken. A well known alternative extract which has been on the market for a great many years, and which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of the extract of roots and herbs without alcohol, and has a soothing effect upon the mucous membrane, relieving irritation and at the same time working through the system in a reasonable way, at the seat of the trouble, to expel the or poisoned blood.

For rosy cheeks, happy smiles, white teeth, good appetites and digestions:

INSIST ON GENUINE FORD PARTS

HAYAKAWA APPEARS IN AN UNUSUAL PART

Oriental Star Has Role of Hard-Hearted, Fascinating Character in "The Brand of Lopez."

Sessue Hayakawa, the noted Oriental star, is eager to see how his following will like the "The Brand of Lopez," his newest Robertson-Cole superior picture which will be seen at the Liberty Theatre today. The part of a Spanish bull-fighter which he plays in this intensely melodramatic production, is widely different from most of his roles.

"The part of Lopez," said Hayakawa, at the close of making the picture, "is a most unique and fascinating one. In it I play a cruel, cold-blooded, selfish man, whose humanity only comes to the surface when he has a son, and who later becomes embittered because the mother of the child is virtually killed by the taunts of her townspeople."

"There may be some who will not like 'Lopez' as well as if he were perfect. But in this day of the eternal happy ending it is a pleasure once in a while to play something realistic. I am sure that all who see me in this part will agree that it is like life really is."

OUR BABY WEEK IS INAUGURATED IN THE INTEREST OF BETTER BABIES

Baby Week has become recognized as a week set aside to impress upon Mothers the wisdom of caring for the youngster in the most approved and modern way.

Everything for the baby will be here for your selection.

Mother will be delighted with the beauty and daintiness of hand sewing and novelty of trimming of our baby wear, and the many new and exclusively designed garments shown will make this week the most enjoyable of any similar events we have ever held.

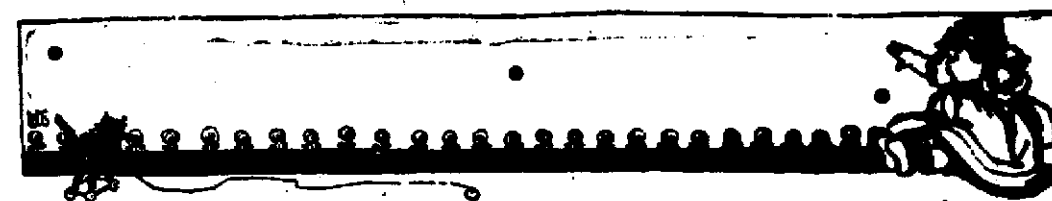

What is more important is the extremely modest prices at which we are offering all our baby wear.

That we have not entirely eliminated the free radius is shown by the following schedule:

Clearfield	Philipsburg	Philipsburg	Osceola Mills
Curwensville	Winburne	Osceola Mills	Houtzdale

Between these points the free service will continue.

And when you consider the thousands upon thousands of dollars invested at these points in equipment, maintenance and operating expenses, you will readily admit that what we ask is not unfair.

The Huntingdon & Clearfield Telephone Company

Yes, Sir—There's Something in a Name

The meaning of gasoline grows when you put Atlantic in front of the word. It changes so it spells p-o-w-e-r and e-c-o-n-o-m-y, enthusiasm and gumption under the hood. None of this crack fuel loafs. It all works, and keeps on doing it. It vaporizes the instant the air strikes it in the carburetor and every atom burns. That's why it doesn't get into cylinders and crank-case or foul the vitals of your engine.

You don't need to concern yourself about the carburetor once it's set for the season. Let it alone and just let Atlantic work for you. Atlantic's range compensates for changes of climate, weather and altitude. Keep going—that's all you need care about.

Now is the time to use Atlantic quality, for good gasoline isn't to be had at every roadside. Make sure your tank is filled with virile energy drawn from the Red Pump. Auto-engines are designed to burn gasoline. And nothing will really, permanently take its place. So watch for the sign which tells you

NUMBER 236

STRIKE HAS PRACTICALLY LOST ITS EFFECTIVENESS IS CLAIM OF UNION HEADS AND RAILROAD CHIEFS

THIRD WEEK OF SWITCHMEN'S STRIKE OPENS WITH RAILROADS CLAIMING SIT- UATION 60 PER CENT. NORMAL

SIX STRIKE LEADERS REARRESTED

CHICAGO, April 19.—The third week of the strike opened today with the strikers gradually losing control and with the railroads claiming 60 per cent. normal situation. Union officials and railroad executives declared the "strike had practically lost its effectiveness." A substantial increase in inbound and outbound freight was noticed yesterday, the roads reported. Six strike leaders were rearrested yesterday and required to give bond before the United States Commissioner for their appearance April 24. The new warrants charge conspiracy to interfere with the transportation of food.

NEW YORK, April 19.—The strike of railroad workers in the New York district was practically at an end today. The majority of the outlaw strikers were back on the job according to J. J. Mondell, chairman of the Railroaders' Executive Association who said that service on all of the lines was rapidly approaching normal. Officials of several lines said that so far as their roads were concerned the strike was over. The embargo on freight, however, has not been lifted, the railroads putting every effort into cleaning up the congestion resulting from the tie-up.

SCRANTON, April 19.—Freight and all other trains were moving with their customary regularity on the Lackawanna railroad today. With the return of the local men, employees on the other railroads also returned to work.

PITTSBURGH, April 19.—Hun-

dreds of railroad workers were expected to desert the ranks of the strikers and join the steady flow of the men returning to work. Freight movement on the Pennsylvania lines was expected to pass the 35 per cent. mark estimated yesterday. The Baltimore & Ohio was confident of greatly improved freight conditions while the Pittsburgh & Lake Erie has made no effort to resume freight transportation. Passenger service on all of the roads entering the city was reported near the normal mark. The Baltimore & Ohio trainmen on the Conneville division voted to return today. The President announced a total of 514 men returned within the last 25 hours.

CLEVELAND, Ohio, April 19.—Freight movement in the Cleveland district was reported at 70 per cent. normal today. The strike was reported at an end in the New York Central and Erie yards.

WASHINGTON, April 19.—Jersey City "outlaw" railroad strikers today were denied a hearing before the labor board. This was under rule adopted by the board which required workers with a grievance to try to settle it first in a conference with their employers.

A special meeting of all candidates of the D. of I. will be held in the St. Francis school hall Wednesday evening at 8 o'clock.

By order of the Chairlady

AUSTIN HANEY DIES AT WEST SIDE HOME

Ex-County Commissioner Austin Haney died at his home on Turnpike avenue at 11:35 o'clock Sunday morning after an illness of several weeks duration, aged 76 years.

Austin Haney was the son of the late Jacob and Margery Muckelheny Haney and was born in Boggs township, Clearfield county, May 14, 1844. He followed farming and lumbering all his life and was rated as a highly successful woodsman and lumberman. Honest and upright at all times he enjoyed the respect and esteem of all with whom he had dealings, who respected him for his untiring energy and sterling manhood. His word was his bond at all times and many staunch friends will mourn the death of this good citizen and loyal friend.

He was married to Margaret Rowles of Lawrence township and celebrated his 50th wedding anniversary some two or three years ago. The anniversary celebration was held in the dining room in the basement of the West Side Methodist church, that commodious room being necessary to accommodate the large number of relatives and friends who desired to pay tribute and extend congratulations to the respected couple.

Mr. Haney was a loyal American citizen at all times and took a keen interest in public men and events. He was a sterling and uncompromising Democrat and was many times called to fill positions of responsibility and trust in his township. He was elected as the Democratic member of the Board of County Commissioners in November of 1915, and retired from that position January 1, 1920. His every official act was governed by the same sterling honesty which marked his private business transactions and he left the office clean-handed, honored and respected by all for his faithful service.

He lived for many years in Lawrence township but for the past fifteen years or more had resided in the Third ward of Clearfield. He is survived by his widow and the following children:

J. Leonard, Harry R., George, Muck and Russell E. Haney, all of Clearfield; Mrs. Dwight Shirey, Gary, Ind.; Mrs. Raymond Ogden, Lawrence township; Mrs. William Bumgardner and Mrs. Patrick Turner, of Clearfield.

The Adult Bible Class or County Sunday School Convention will be held in Trinity Methodist church tomorrow, and a large number of delegates and other interested will be in attendance.

W. G. Landes, of Philadelphia, will be the speaker at the evening session and everybody is invited to attend and hear him.

The music will be furnished by the orchestras of the different Sunday Schools of the town, under the direction of Prof. Schaeffer, of the Susquehanna College of Music.

The High School Glee Club, led by Mrs. E. C. Reeve, will furnish the vocal music during the different sessions.

The convention will open at 10:30 a. m. and will continue all day and evening. Everybody is invited to attend.

FRIENDS THOUGH NOT MEMBERS OF CHURCH ARE ASKED TO HELP

PITTSBURGH, Pa., April 19.—Six million, three hundred and seventy-five thousand dollars is the quota citizens of Pennsylvania, friendly to the church, but not affiliated with any of the 30 denominations participating in the Interchurch World Movement, are asked to contribute to the united financial campaign of the denominations which will be conducted from April 25 to May 2. Apportionment of the quotas by counties has just been announced by Hermon Eldredge, Interchurch state campaign director, who has established headquarters in Pittsburgh.

In the Pittsburgh district, which includes all of Allegheny county, the Interchurch campaign under the leadership of Director Harry G. Hoak, are expected to raise \$1,550,000.

The \$6,375,000 quota is in addition to the quotas of the denominations co-operating, which will canvass their own memberships in the state for sums ranging from a few thousand dollars for the very smallest, to millions for the larger denominations.

The total quota for the state for church membership and friendly citizens will approximate \$40,000,000. Denominational quotas are now being apportioned to each congregation in the state and denominational leaders in the various counties are compiling data on their county and community quotas which will be announced soon.

At meetings in Pittsburgh and Harrisburg, held last week, Director Eldredge was assured the co-operation of denominational leaders in the task of co-ordinating the efforts of all bodies taking part in the Interchurch campaign.

The county quotas for the friendly citizens' canvass are as follows: Adams county, \$9,000; Allegheny county, \$1,550,000; Armstrong, \$44,700; Beaver, \$78,500; Bedford, \$16,500; Berks, \$88,000; Blair, \$47,000; Bradford, \$19,000; Bucks, \$68,000; Butler, \$64,000; Cambria, \$78,000; Cameron, \$8,500; Carbon, \$18,000; Centre, \$14,500; Chester, \$115,000; Clarion, \$19,000; Clearfield, \$34,500; Clinton, \$11,500; Columbia, \$9,500; Crawford, \$34,500; Cumberland, \$15,800; Dauphin, \$48,000; Delaware, \$138,000; Elk, \$17,500; Erie, \$105,000; Fayette, \$48,500; Forest, \$8,500; Franklin, \$18,000; Fulton, \$4,000; Greene, \$29,000; Huntingdon, \$14,000; Indiana, \$18,500; Jefferson, \$29,000; Juniata, \$4,800; Lackawanna, \$190,000; Lancaster, \$49,000; Lawrence, \$67,500; Lebanon, \$49,000; Lehigh, \$78,000; Luzerne, \$178,000; Lycoming, \$25,500; McKean, \$28,500; Mercer, \$56,000; Mifflin, \$6,800; Monroe, \$11,000; Montgomery, \$178,000; Montour, \$3,600; Northampton, \$69,000; Northumberland, \$43,000; Perry, \$6,000; Philadelphia, \$1,850,000; Pike, \$3,000; Potter, \$7,800; Schuylkill, \$94,500; Snyder, \$1,000; Somerset, \$24,000; Sullivan, \$3,800; Susquehanna, \$20,500; Tioga, \$13,700; Union, \$3,800; Venango, \$36,500; Warren, \$36,000; Washington, \$168,000; Wayne, \$14,000; Westmoreland, \$187,000; Wyoming, \$4,800; York, \$40,000.

ADULT BIBLE CLASS CONVENTION

The Adult Bible Class or County Sunday School Convention will be held in Trinity Methodist church tomorrow, and a large number of delegates and other interested will be in attendance.

W. G. Landes, of Philadelphia, will be the speaker at the evening session and everybody is invited to attend and hear him.

The music will be furnished by the orchestras of the different Sunday Schools of the town, under the direction of Prof. Schaeffer, of the Susquehanna College of Music.

The High School Glee Club, led by Mrs. E. C. Reeve, will furnish the vocal music during the different sessions.

The convention will open at 10:30 a. m. and will continue all day and evening. Everybody is invited to attend.

ELECTRICITY WAS TOO TOO MUCH FOR MULE

A mule belonging to the Penelec Coal company was electrocuted at the company's mine at the upper end of Ogden avenue Friday last. The mule was a little more than ordinarily mulish and to this fact or disposition does he owe his departure for mule heaven. This mule had kicked everything about the mine almost to pieces and had been in the habit of having his own way generally.

Friday afternoon he was going into the mine in charge of a green driver and when he encountered a mine car on the track instead of taking the "gee" or mule side in passing, he slouched over to the "haw" side, which is used by the miners. An electric power wire is suspended from the roof on this side and the mule's wet ears came in contact with same and down went the mule. He no doubt thought his driver had slapped him over the head with a brake stick and the blow made Mr. Mule very mad. He jumped to his feet and lashed out with both heels again and again, and in twisting about to find his supposed adversary, ran his ears into the wire and down he went again. The driver couldn't get near him and started on the run for the switch at the mouth of the drift to shut off the current. He had quite a distance to travel, the sounds of the unequal combat between the mule and the juice ringing in his ears as he ran.

The switch was reached and snapped off and the driver returned to the rescue. He was too late, however, as when he arrived at the scene he found that the mule had "done kicked his last kick," the ear and the side of the mine demonstrating that the mule had put up a good fight.

MIKE CHERILLO HAS AGREED TO LEAVE

Mike Cherillo, the Morrisdale alien, arrested by Game Protector W. C. Kelly, of DuBois, at the time of the assault upon Deputy Game Protector W. J. Davis, of Clearfield, some ten days ago, was before Judge Bell in criminal court this morning. The charge against him was resisting an officer and Cherillo entered a plea of guilty to the charge. He was directed to pay the costs in the case, and in view of the fact that he had also paid a fine of \$25 and costs under the law which forbids an alien having fire arms in his possession, and from the further fact that he agreed to move away from Morrisdale, further sentence was suspended at this time.

A commission in lunacy will be appointed on Tony Cherillo.

W. J. Davis, the injured game protector, remains a patient in the Clearfield Hospital, the knife-wound in his back causing him considerable pain and trouble.

NO DECISION TODAY ON VOLSTEAD ACT

WASHINGTON, April 19.—The Supreme Court recessed until 2:30 p. m. without handing down a prohibition decision.

No decision was handed down by the Supreme Court on the Constitutional Amendment or Volstead Act today.

Next Monday will be the earliest date on which a decision could be made now.

STOCK MARKET OPENED HIGH

NEW YORK, April 19.—The stock market opened high today. United States Steel opened at 105 1/4, Studebaker at 120, unchanged, United States Rubber at 110 1/4 up 1/4, Bethlehem B. at 97 off 1/4, Crucible at 263 up 1/4, General Motors at 318 off 1/4, Midvale at 36 off 1/4.

ODEL MURDER TRIAL OPENS

ROCHESTER, N. Y., April 19.—James L. Odel and his wife, Pearl Deaver Odel, charged with the murder of Edward J. Knuff, went on trial today. Knuff's mutilated body was found near a culvert on the night of January 5. He had been beaten to death. According to the police the Odel confessed to the murder. Knuff was alleged, was intimate with Mrs. Odel several years ago—some time before she was married to Odel.

THE STORY OF A LOAD OF POTATOES

On Thursday last a Bradford township farmer having contracted with a local grocer to sell him a load of potatoes went to his potato cellar and bagged up forty bushels of fine spuds, loaded them on his wagon and started for town. Out along the state road near Barrett station a couple of speculative Clearfield gentlemen stopped the farmer and asked him what he wanted for his potatoes. The farmer replied that he had them sold to the Clearfield merchant for \$2.25 per bushel.

The speculators motored into town ahead of the team and calling another grocer dealt with him for the farmer's potatoes at \$3.00 per bushel. They then jumped into their car, ran out and met the farmer at the lower end of Daisy street and succeeded in buying the potatoes for \$2.50 per bushel. They then had the farmer deliver the potatoes to the store and they were retailed to Clearfield consumers at the price of \$3.60 per bushel.

We give the facts of this single transaction for the purpose of showing just what is causing the price of living to soar. Each of these separate transactions were legitimate and airtight under the law and existing conditions and are only what is happening today in every line and trade. Where will it all end and what will that end be? We wonder.

WHAT WILL BE POSITION OF AMERICA AT IMPORTANT ALLIED CONFERENCE

SAN REMO, Italy, April 17.—Whether the United States would be represented at the conference of the Allied nations called to meet in San Remo was a question which had not been answered here as the chief representatives of the Powers gathered today for the sessions which are to begin Monday. Premier Nitti, of Italy, who reached San Remo a day ahead of time to receive the delegations of the Allied nations as they arrived, expressed ignorance as to whether or not an American delegate or observer would attend.

(A dispatch from Paris indicates the United States will have an observer present.)

The conference will have as its program an endeavor to settle three or four of the great problems now disturbing Europe. One of these is what action shall be taken respecting the carrying out of the treaty of Versailles so that it may be made plain to Germany that the Allies regard it as a binding instrument. Others are the determination of the future of the Turkish Empire and the final framing of the Hungarian peace treaty. The Adriatic settlement and the international exchange problem are also likely to be considered.

Premier Nitti was at the railway station early today to receive Camille Barere, the French ambassador to Italy. Premier Lloyd George, of Great Britain and Field Marshal Sir Henry Hughes Wilson, chief of the British Imperial Army Staff, arrived by automobile from Marseilles, with their staffs in time for luncheon. Later in the day Premier Millerand, of France; Marshal Foch and other

of the French representatives and Baron Matsui, the Japanese Ambassador at Paris, reached San Remo on a special train.

U. S. Navy Arrives
Earl Curzon, British secretary for foreign affairs; Admiral Beatty and Robert Underwood Johnson, American Ambassador to Italy, and the Belgian Mission arrived here early this evening.

Premier Nitti had a long interview with Premier Lloyd George this evening. The Italian Premier also had a lengthy discussion with Premier Millerand. The three Prime Ministers will have their first interchange of views on the work of the conference Sunday.

Ambassador Johnson said he was in San Remo for only a short time, his visit being merely to announce his journey to Rome. He said his mission to make a call of courtesy on Premier Nitti and Vittorio Emanuele, the Italian Foreign Minister and then proceed to Rome.

800,000 Allied Army for Turkey
Allied nations would be called upon to maintain a force of 800,000 men in Turkey to insure execution of the terms of the treaty with that country which was framed at London recently. It is understood. This treaty will be considered by the Supreme Allied Council, when it opens its sessions here next Monday.

Announcements that Marshal Foch and Marshal Wilson would be present were regarded as indicating military experts will be called upon by the council before it decides finally on the terms to be submitted to the Sultan.

WAR DEPARTMENT TO DECIDE REQUEST: WILSON "PANS" WILSON

WASHINGTON, April 17.—Application of Mexican Federal army officers for permission to move forces through American territory to attack Sonora on the North created sharp discussion today on the Senate floor and before the committee investigating Mexican affairs.

Meanwhile the request had been deferred by the state department to the War department, as it was not an official diplomatic communication. No action has been taken tonight by the War department.

In the Senate, Senators Ashurst and Smith of Arizona, opposed vigorously any suggestion that the request be granted. Senator Ashurst asserted that Arizona should oppose any such movement, by force, if necessary, should the federal government not grant the state protection.

The Senate discussion was halted when Senator Knox, Republican, Pennsylvania, announced he had information that the request had been refused. Later he said his information was not official.

Before the investigating committee, Henry Lane Wilson, former Ambassador to Mexico, continuing his arraignment of President Wilson's Mexican policy, predicted that the Mexican forces would be permitted to pass across American territory to attack Sonoran forces.

Besides affecting Mexico, this worked harm "in bringing about the domination of Japan over China," Mr. Wilson said.

Discussing the peace treaty controversy, the former ambassador said: "The President wrote Article X of the treaty himself, and though there are many more important sections than it, he has caused widespread disaster by insisting that the whole treaty be rejected rather than let the Senate modify that one section."

"President Cannot Be Changed"
"As to Mexico, I am informed that he has already written a plank on the subject for the next national platform of the democratic party, endorsing and demanding a continuance of this course," the witness continued. "He cannot be changed."

"Anybody who supports the Mexican policy of President Wilson is unpatriotic and un-American. Eighty per cent. of Mexico's population is illiterate and Indian, with a distinct division between the Indian of the north and the southern Maya. They have no concept of the fine-spun political or altruistic theory, but do comprehend justice if it is accomplished by firmness."

The witness said that by "constant interference" in his behalf, President Wilson kept in power the Carranza government, which he described as "an aggregation of feudal brigades."

"As an illustration of how far he goes," the former Ambassador continued, "within a day or two I expect to see permission given Carranza to move his troops across American soil to fight the Obregon forces in Sonora, as has been done before. This constitutes an interference in Mexico, the more unpardonable since it is given to a group which has shown the deepest hostility toward the United States, and has constantly refused Americans' protection within its borders."

ADULT BIBLE CLASS CONVENTION

The Adult Bible Class or County Sunday School Convention will be held in Trinity Methodist church tomorrow, and a large number of delegates and other interested will be in attendance.

W. G. Landes, of Philadelphia, will be the speaker at the evening session and everybody is invited to attend and hear him.

The music will be furnished by the orchestras of the different Sunday Schools of the town, under the direction of Prof. Schaeffer, of the Susquehanna College of Music.

The High School Glee Club, led by Mrs. E. C. Reeve, will furnish the vocal music during the different sessions.

The convention will open at 10:30 a. m. and will continue all day and evening. Everybody is invited to attend.

WILL ORGANIZE BOY SCOUT TROOP

The Presbyterian church of Clearfield is arranging to organize a troop of Boy Scouts, and expect to have the new organization working in a short time. This movement will prove to be an excellent thing for our young men.

All boys over 13 years of age are eligible to membership.

Philip B. Reed, A. Bowman Weaver Jr., and L. Huston Hattwick, three exceptionally capable young men will be in charge as Scout Master and Assistants.

Charles Pierce, of Philipburg, spent the week end here with friends.

TWO YOUNG MEN DIE BY OWN HANDS

New Liberty, in Decatur township, was shocked early Saturday last, over the finding of Andrew Hardy, Jr., near the tipple of the Butterworth mine, unconscious from a bullet hole in his head.

The dying man was brought to the Cottage State Hospital, where death resulted shortly after he was admitted.

The indications are the wound was self-inflicted, though no direct cause for the rash act has been discovered. He was one of the young soldiers who served valiantly in the great world war, and participated in much of the heavy fighting in France and it is thought he may have become mentally deranged from nerve strain.

The deceased, who was aged 23 years, lived at home with his parents, Mr. and Mrs. Andrew Hardy, Sr. Besides the parents he is survived by three brothers and four sisters. The family members are of course in the keenest grief over the sad affair.

Nick Unaski, a young man located at the Adrian Furnace, was found dead in the woods out from Falls Creek yesterday, his remains being discovered after diligent search had been made for him. It is believed that he committed suicide early on Saturday morning, as he had left the hotel about that time. The remains were not discovered until yesterday.

Unaski had committed suicide by cutting his throat with a razor, that instrument still being clutched in his hands. It is not believed that he lived long after committing the deed. The cause for the suicide is not

WILSON TO STAGE POLITICAL COMEBACK

WASHINGTON, April 18.—A dramatic eleventh hour renaissance by President Wilson in the political arena is being planned, according to persistent reports here today. The plan is said to have the President plunge into the campaign early next month.

OVERALL BRIGADE ENLARGING

NEW YORK, April 18.—Street vendors today appeared on the downtown market street corners with overalls for sale. The prices were reported as "good." A campaign in protest against the high clothing costs has been started here.

SHOULD HAVE STAYED IN BALTIMORE

NEW YORK, April 18.—Biting Mr. and Mrs. April Bokun to their bed posts today robbers ransacked their apartments and escaped with jewelry valued at \$10,000. The Bokuns had just returned from Baltimore.

Andrew Harwick spent Sunday with his wife in Huntington.

Mrs. E. M. Fullington has returned from visiting her daughters in Indiana.

Mrs. Emma Bloom spent Sunday with her mother in DuBois.

known and few details were developed at the investigation conducted by Coroner J. I. Pollum. The remains were discovered close to the Jefferson county line.

DEMOCRATS NEVER COULD AGREE

Despite the fact that A. Mitchell Palmer is the only Democratic candidate for President on the Primary ticket the Democratic Philadelphia Record on Sunday carried the following editorial:

"Many Pennsylvania Democrats have written 'The Record' asking how it will be possible for them to indicate their preference for William G. McAdoo as a Democratic candidate for President.

Mr. McAdoo has stated that he is not seeking the nomination for President but that he will accept it if the Democrats of the country draft him. His name will not appear on the primary ballot next month, but any Democrat who wants to indicate that he would like to see McAdoo as the candidate of his party can write his name in on the space provided for that purpose.

It is true that an effort is to be made to use the Pennsylvania delegates to the Democratic National Convention for trading purposes by Attorney General Palmer and those who share with him control of Federal patronage by pretending that Mr. Palmer is seriously considered as a Democratic candidate for President. Steps have been taken to have Mr. Palmer's name printed on the primary ballot, but the fact that no other name will appear in that connection does not make it impossible for Pennsylvania Democrats to indicate their choice for President to succeed President Wilson.

Democrats who favor the nomination of Mr. McAdoo or any other man can use stickers containing the name of their choice, or they can write the name on the ballot and their preference will be recorded except where the election officers may be ballot-box crooks.—Philadelphia Record.

The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vick's Vapo-Rub may help nature to complete the process of repair. (Because Vick's acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.

Figure Closely

The problem today is to keep outgo well within the bounds of income.

Close figuring may reveal more ways to create a surplus each month. A good plan is to first set aside a certain sum each week or month to deposit in a Savings Account—no matter if the amount is only a dollar or two. You will be ahead that much. Soon you will have interest coming in regularly.

Try some close figuring. You'll find a lot of satisfaction in distributing your income in a systematic way—and the profit from your efforts is all yours.

A WORLD REBUILT

By the Golden Rule
not by the rule of Gold

THIRTY denominations of the Church are uniting in a simultaneous campaign in the week of April 25th-May 2nd.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

These churches know that the world needs many things; but it needs Faith most of all.

They know that there can be no final solution of our economic problems that is not a spiritual solution, based on the teachings of Jesus Christ and His Golden Rule.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including the church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The budget is large in the aggregate; yet if each person who loves America would increase his contribution by only a few dollars the whole amount would be easily subscribed.

We face the task of rebuilding the world. Let the cornerstone be a strong and vital church in every American community; and the measuring rod by which the builders build must be the Golden Rule.

New Equipment to Relieve Our Car Shortage

A RAILROAD is worth to you what it can give you in transportation service. Our system, like all the railroads of the country, is short of rolling stock, and this problem is yours as well as ours. The cost of railroad inability to handle traffic falls directly on business men, and indirectly on the public at large. A considerable element in the maintenance of the present high prices is the lack of cars for prompt and adequate movement of foodstuffs, raw materials, builders' supplies and manufactured articles.

We have arranged to acquire new equipment which will cost \$48,318,300. This will include:

196 locomotives	105 all-steel passenger coaches
4000 all-steel box cars	80 all-steel baggage cars
4000 coal cars	30 milk cars
994 stock cars	12 all-steel combination cars
250 refrigerator cars	15 multiple unit electric passenger cars
11 mail cars	12 all-steel dining cars

We are rebuilding 1000 coal cars now out of service, at a cost of approximately \$2,000,000, adding that number of 55-ton all-steel coal cars to our equipment. It is hoped to have a large part of this new rolling stock in service next fall.

WE would like to buy more equipment. We need it and your business next fall will require it, if handled according to the standard of our service before the war. But with the money market as it is at present, and with expenditures of \$50,000,000 more contemplated for improvements and extension of facilities which also will have to be financed by borrowing, we are not in position now to order more than the equipment we have contracted for.

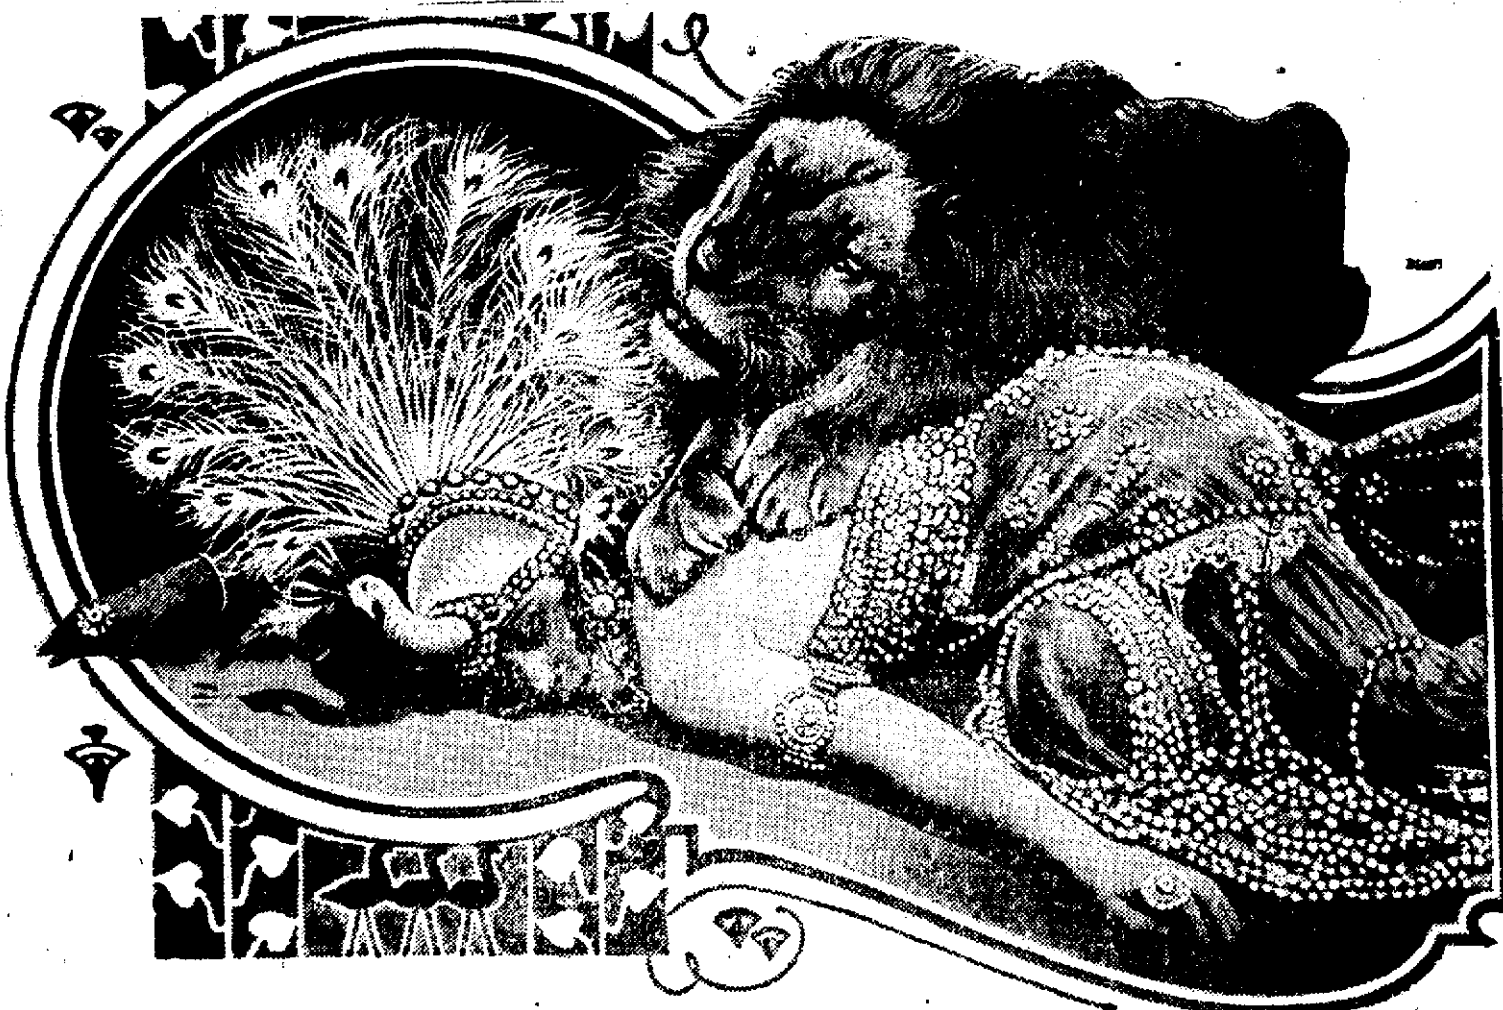

RAILROADS today are the bottle-neck of the industrial world. Once they were developed beyond the demands on them. Now industry is being retarded because they cannot meet the demands. The bottle-neck must be widened or the pressure on it reduced.

It is unthinkable that industrial expansion should be checked at a time when intensive production is so urgently needed. Therefore railroad facilities must be improved and increased to be adequate to industry's ever-growing demands. This is your phase of the problem.

We submit for the serious thought of those most directly concerned, the business men of the nation, the subject of aid to railroad development by investment in railroad securities. Our lines are doing, and will do, their best to serve you. But we, as all the railroads, need the co-operation of the public.

GLORIA SWANSON In a scene from
CECIL B. DeMILLE'S 'MALE and FEMALE'
A Paramount Picture

GLORIA SWANSON'S GREATEST
THRILL CAME TO HER IN
'MALE AND FEMALE'

(By Edward Weitzel)

It didn't require much penetration to sense a good story about the Lady and the Lion, and we plunged right into the subject the moment Gloria Swanson and I were seated. Every one who has seen Cecil B. DeMille's Paramount-Artcraft picture, 'Male and Female,' will recall the Babylonian episode and the Christian slave's terrible death. A desire to know one's sensations when lying helpless on the floor of a lion pit and held down by the paws of a full-grown king of beasts prompted my request for an interview, and I found that Miss Swanson's recollection of all the details of this adventurous page in her moving picture experience was nothing short of acute.

"How did you feel when you were told you were to be given an opportunity to endanger both your life and your insurance policy at one fell swoop?" was my first question.

The Lady smiled cheerfully—but not at my attempt to be facetious.

"I was the happiest girl around the studio!" was her unexpected reply. "You see," she explained, "there was something very curious in such an incident falling to me. As a child I always had been fascinated by the picture 'The Lion's Bride.' It made a lasting impression on my imagination from the first, and that I was to act the part of the Christian slave seemed like a decree of fate. Any thought of the danger I might run never troubled me in the least.

Sense of Duty Overcomes Fear. "It has always been like that with me in my picture work. I had never been able to conquer my fear of the

water when trying to learn to swim. I would put on a becoming bath-suit and sit on the edge of the pool, but when the swimming teacher tried to get me in the water I just wouldn't go. So, of course I never learned. But when I was given my first serious part in a picture and was told I must 'jump off a dock' after nightfall and strike out, I didn't stop to tell the director I couldn't swim, but hepped in."

"I remember that picture. You swam all right."

"I knew I had to or give up the part; so I managed to keep myself afloat and save my contract."

RUBBER STAMPS

KEMP'S BALSAM
will stop the tickle that makes you cough.
GUARANTEED.

Jump from Bed in Morning and Drink Hot Water
Tells why everyone should drink hot water each morning before breakfast.

To see the healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside bathing every morning for a week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys, and bowels the previous day's indigestible waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives you a fine appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to demonstrate that those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges or whose skin is sallow or pallid, that one week of inside bathing will have them looking and feeling better every day.

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the relief it gives. Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on.

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

CUT THIS OUT—IT IS WORTH MONEY

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar, or coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.

Thor Electric Washing Machine
With its All-Metal Swinging Wringer

Do you remember the times when you have washed a blanket in the old-fashioned way by hand? Not a very pleasant recollection, is it?

How you wrestled with that wet, soggy mass that seemed to weigh a ton? How you rubbed it a part of the time and swished it about and tried to get it clean when you knew you were not half succeeding.

And when the grilling task was over and you took it off the line—it didn't have the pretty, soft, woolly surface you wanted to see. There was something about it that didn't look quite right—and you wondered if you had actually driven all of the dirt out of it.

What a difference when you use the THOR! No struggle with that exhausting weight—none of that tiring rubbing on the washboard. You just put the blanket into the cylinder, press the button and let the machine do the work. In a little while it is washed perfectly clean.

JUST THINK, YOU CAN BUY THE THOR FOR

Salts Fine For Aching Kidneys

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Dr. Robert Meixell died at the home of his nephews on South Filbert street on Friday morning at 8 o'clock. He had been in poor health for a number of years. He came to Curwensville about one year and a half ago, but the change from his old home did not seem to help him onward to health, and he gradually declined until the end. He was aged 65 years, 11 months and 11 days. He is survived by a widow and a number of relatives. During his residence in this community, the doctor, although of a retiring disposition, made a good many friends, who are mingling their sorrow with that of the bereaved family over their loss. On Saturday his body was shipped to Dallas, Pa., for interment.

Horace Brennett and bride returned to Curwensville on Saturday after enjoying a week's honeymoon. They were married one day last week. The groom is left boss at the Sumner sole leather tannery and has many warm friends among the workmen at that plant who will gladly extend the congratulatory hand to him when he returns to work. A bountiful wedding dinner was tendered the young married couple at the home of the groom on Sunday. May prosperity attend them as they journey hand in hand through life.

A committee of the Rescue Hose and Ladder company issued to the members of that organization an invitation to join in a social smoker to be held in their rooms in the public building this evening. The principal

object as we gather it, is to get together and become better acquainted with one another and the work which encompasses a fireman when duty calls.

Robert Hickok, employed as a miner at Bloomington mine No. 19, met with a distressing accident Saturday afternoon about ten o'clock, while engaged at his occupation. He was mining after the machine after a cut had been made, and in attempting to remove the globe of coal which was clinging to the roof, the weight gave way suddenly and in falling caught him on the head and shoulders. Fellow workmen extricated him from the coal heap as quickly as possible. He was severely bruised about the shoulders, a long, deep gash cut in the head and his face badly lacerated, his nose being almost slit in twain. First aid was rendered immediately, after which the wounded man was conveyed to his home near Bloomington.

Charles Smith, a resident of the South Side, and a foreman at the P. H. & L. finishing tannery, who went to the Clearfield hospital the latter part of last week, was operated on Saturday for the removal of a double rupture. The operation was a successful one in every particular, and the patient is getting along finely and will soon be able to return to his home.

Miss Sarah Sweeney, a daughter of Mr. and Mrs. Charles Sweeney, who has been confined to her home by illness for the past four or five weeks with rheumatism and some other minor complaints is reported very much improved, and baring a relapse, will soon be able to be up and about again, much to the relief of her many friends.

Insurance Agent Korabough was "under the weather" all of last week being for several days unable to attend to business connected with his patrons and office.

Now that the main streets have been thoroughly cleansed and washed from dirt and filth, it behooves every citizen in this town to see that a general clean-up is made around his property, and thereby assisting in putting the town, generally speaking, in a first class healthy condition. A clean-up does not amount to a great deal where only a few or a part of the population observe the common rule of cleanliness. To have any effect it must be a concentrated movement of all the people, be they the

The Spring Rains Bring Grippe

This sort of weather brings colds and grippe. If it's just a common cold people say, "there's no danger in that!" But many a fatal sickness begins with a cold—with vitality weakened—the system is ready for the influenza germs. Begin early to ward off the attack. Purge the system of the toxins (poisons) by taking castor oil, or a vegetable laxative made of Mayapple, leaves of aloes, and jalap, rolled into sugar-coated pills and to be had at all drug stores as Dr. Pierce's Pleasant Pellets. If the cold starts with a cough, and it persists, then some local treatment for this condition should be taken. A well known alternative extract which has been on the market for a great many years, and which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of the extract of roots and herbs without alcohol, and has a soothing effect upon the mucous membrane, relieving irritation and at the same time working through the system in a reasonable way, at the seat of the trouble, to expel the or poisoned blood.

INSIST ON GENUINE FORD PARTS

HAYAKAWA APPEARS IN AN UNUSUAL PART

Oriental Star Has Role of Hard-Hearted, Fascinating Character in "The Brand of Lopez."

Sessue Hayakawa, the noted Oriental star, is eager to see how his following will like the "The Brand of Lopez," his newest Robertson-Cole superior picture which will be seen at the Liberty Theatre today. The part of a Spanish bull-fighter which he plays in this intensely melodramatic production, is widely different from most of his roles.

"The part of Lopez," said Hayakawa, at the close of making the picture, "is a most unique and fascinating one. In it I play a cruel, cold-blooded, selfish man, whose humanity only comes to the surface when he has a son, and who later becomes embittered because the mother of the child is eventually killed by the taunts of her townspeople."

"There may be some who will not like 'Lopez' as well as if he were perfect. But in this day of the eternal happy ending it is a pleasure once in a while to play something realistic. I am sure that all who see me in this part will agree that it is like life really is."

OUR BABY WEEK IS INAUGURATED IN THE INTEREST OF BETTER BABIES

Baby Week has become recognized as a week set aside to impress upon Mothers the wisdom of caring for the youngster in the most approved and modern way.

Everything for the baby will be here for your selection.

Mother will be delighted with the beauty and daintiness of hand sewing and novelty of trimming of our baby wear, and the many new and exclusively designed garments shown will make this week the most enjoyable of any similar events we have ever held.

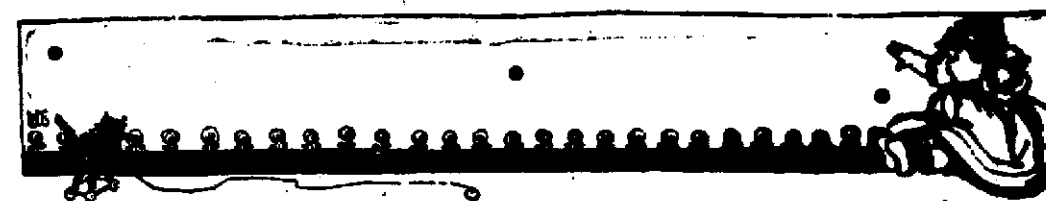

What is more important is the extremely modest prices at which we are offering all our baby wear.

Special Items of Interest Found In Our Infants Department.

Free Radius Not Entirely Eliminated

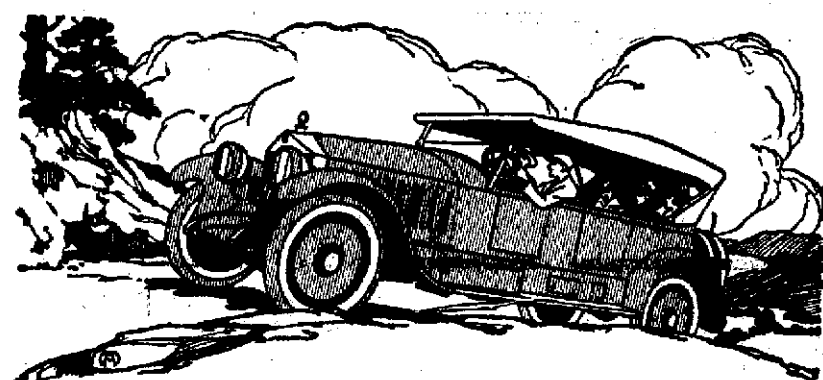

That we have not entirely eliminated the free radius is shown by the following schedule:

Clearfield	Philipsburg	Philipsburg	Osceola Mills
Curwensville	Winburne	Osceola Mills	Houtzdale

Between these points the free service will continue.

And when you consider the thousands upon thousands of dollars invested at these points in equipment, maintenance and operating expenses, you will readily admit that what we ask is not unfair.

The Huntingdon & Clearfield Telephone Company

Yes, Sir—There's Something in a Name

The meaning of gasoline grows when you put Atlantic in front of the word. It changes so it spells p-o-w-e-r and e-c-o-n-o-m-y, enthusiasm and gumption under the hood. None of this crack fuel loafs. It all works, and keeps on doing it. It vaporizes the instant the air strikes it in the carburetor and every atom burns. That's why it doesn't get into cylinders and crank-case or foul the vitals of your engine.

You don't need to concern yourself about the carburetor once it's set for the season. Let it alone and just let Atlantic work for you. Atlantic's range compensates for changes of climate, weather and altitude. Keep going—that's all you need care about.

Now is the time to use Atlantic quality, for good gasoline isn't to be had at every roadside. Make sure your tank is filled with virile energy drawn from the Red Pump. Auto-engines are designed to burn gasoline. And nothing will really, permanently take its place. So watch for the sign which tells you
